Demolition Notice Application Form Information and Instructions:

1. All spaces must be filled in on the application. If the information is not applicable, please write N/A. Incomplete information may result in a delay in processing the application.
2. We must have proposed start and end dates for the demolition.
3. There is a 10 working-day (do not count Saturdays or Sundays) waiting period for permit processing. For example: If the application is postmarked or hand delivered to the Division on April 1, 2003, then the earliest start date would be April 15, 2003. If a demolition follows an asbestos abatement project within 14 calendar days of the completion of the abatement project, the 10 working-day waiting period will be waived.
4. The Colorado-certified asbestos inspector must sign the form in blue ink. The building owner or the contractor must also sign the application certifying that all refrigerants have been properly removed from the site. Original signatures must be submitted.
5. If there needs to be modifications to the notice after the application has been submitted, notify the Asbestos Unit by fax at 303-782-0278 by the end of the next regular State business day following the modification. Project modifications include changes in scope of work, supervisor, the scheduled work dates or scheduled work times.
6. Recycling of materials, such as concrete or wood, that are bonded or contaminated with asbestos containing material (ACM), such as floor tile or mastic, is NOT permitted.
7. Demolition of a building that has non-friable asbestos containing VAT or tar-impregnated roofing materials remaining must be completed without causing the asbestos-containing materials to become friable. Concrete floors covered with floor tile shall be removed in as large sections as possible. Operations such as crushing, pneumatic jacking, etc. of materials containing asbestos are not permitted.
8. Supporting pictures may be emailed to: asbestos@state.co.us
9. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. Permits or approval notices presuming to give authority to violate or cancel the provisions of the above laws and ordinances or permits issued in error or based on incorrect information supplied shall be invalid.
